*The Garage Door People*

## Security

All our garage doors are designed to offer maximum security and protection. A high security, multi-point latching system, solid steel locking bars, shielded latches and a Euro-cylinder lock combine to offer unrivalled protection against forced entry.

## Safety

We are committed to providing the highest levels of Safety for our customers. Our garage doors, mechanisms and operators are all meticulously designed, manufactured and independently tested to conform to the very latest British and European product safety standard EN 13241-1.

## Comfort

A Garador operator has to be the ultimate luxury accessory. Convenient whatever the weather, safe whatever time of day or night you come home a garage door operator is much more affordable than you might think!

# Automation

If you want the ultimate in convenience, our electric operators provide the answer. Arrive home and have your garage door open automatically, accompanied by a welcoming light – all at the touch of a button.

## Garador operators feature:

- Hand transmitters  
Two hand transmitters as standard with all operators
- Door Security Device  
This prevents your door from being forced open even during a power failure
- No Trap Risk  
If obstructed, the automatic cut-out halts the door and raises it by 30 mm
- Universal fitting  
All Garador operators perfectly match Garador garage doors.

# Operators

## GaraMatic 10

With its elegantly designed body, adjustable soft start and soft stop, bright halogen lamp, fast opening and half open function, the GaraMatic 10 operator is the ideal match for your door.

## GaraMatic 20

The GaraMatic 20 is our most powerful automatic operator for use with older style garage doors or in extreme circumstances.

## GaraMatic 7

The GaraMatic 7 features soft start and soft stop, mechanical arrestor device and reliable automatic cut-out. An economic and sound solution for the automation of your garage door.

## GaraMatic 9

The GaraMatic 9 operator has the same features but a stronger motor than the GaraMatic 7 designed to operate larger and heavier doors.

All Garador operators are quick and easy to install, even for retrofit. For your individual convenience you

can choose from a wide range of optional accessories which are all made to perfectly work with the operators.
